Email: patnamsaipranith5820@gmail.com
Mobile: +91-7989665887

SKILLS

Languages:	C++, Python, Java, Structured Query Language
Frameworks:	HTML and CSS
Tools/Platforms:	Excel and Power BI
Soft Skills:	Decision - making, Adaptability, Flexibility, Teamwork and Collaboration

TRAINING

Full-Stack development using MERN from Cipher Schools Link	Jun'25-Jul'25
- Gained hands-on experience in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js, focusing on RESTful API integration and front-end–back-end connectivity. - Developed and deployed interactive, responsive web projects demonstrating skills in state management, database operations, and user authentication using modern JavaScript frameworks.	

PROJECTS

Video Game Sales Data Exploration: Link	Mar'25 - Apr'25
- Led a detailed exploratory and statistical analysis of global video game sales data to uncover insights and trends across regions and platforms. - Performed statistical tests (Shapiro, t-tests, normality tests) and multicollinearity checks to validate data reliability and significance. - Automated insights generation using Python libraries and built visual reports to support decision-making in game development and marketing strategies. Tech: Python, Pandas, NumPy, Matplotlib, Seaborn, SciPy, Statsmodels	
Wind Power Generation Forecasting: Link	Feb'25 - Mar'25
- Developed a data-driven forecasting model to predict wind power generation using historical meteorological and turbine output data from multiple locations. - Engineered data pipelines for ingestion, preprocessing, and standardization across large CSV datasets from four distinct sources. - Built and evaluated regression models using Scikit-learn, ensuring optimized prediction accuracy through training/testing splits and feature scaling. Tech: Python, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, CSV, Jupyter Notebook	

CERTIFICATES AND CERTIFICATIONS

Data Analytics Job Simulation by Deloitte Link	Sept'25
NPTEL Cloud Computing by IIT-KGP Link	Jun'25
Data Structures and Algorithms using python by Infosys springboard Link	May'25

ACHIEVEMENTS

GEAR 4.0

- Nominated by institution for SIH-2025 with our AI-powered smart attendance application, HazriAI.

Build-A-Thon – Web Development

- Showcasing advanced problem-solving and development skills in a competitive environment.

EDUCATION

Lovely Professional University	Jalandhar, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 8.03	Aug'23 – Jun'27
Sainik School Korukonda	Vizianagaram, Andhra Pradesh
Intermediate	Apr'21 – Mar'23
PCMB; Percentage: 75.6%	
Sainik School Korukonda	Vizianagaram, Andhra Pradesh
Matriculation;	Apr'20 – Mar'21
Percentage: 82.4%
